## About Me

I am an IT professional passionate about the field of data analytics. I feel comfortable coding in languages such as **Python**, **R** and **SQL**. Also, I have solid experience using **spreadsheet** software and BI tools such as **Microsoft Power BI**. During the last 6 years, I've been collaborating in international teams, this experience has helped me to develop my skills to adapt to environments continuously changing and diverse challenges.

## E-Learning.

- [Google Data Analytics Program](#).
- [Data Science Fundamentals with Python and SQL](#).
- [Google IT Automation with Python](#).
- [Python For Everybody](#).
- [Web Design For Everybody](#).
- [Introduction to R](#).
- [Database Design](#).
- [Google Analytics Essentials](#).
- [Power BI Essentials](#).
- [Power BI Advanced](#).
- [Power BI: Data Modeling With DAX](#).
- [Big Data Fundamentals](#).
- [Probability and Statistics](#).

## Education.

- **Bachelor degree in Psychology** (2010 – 2014), Universidad de Ecatepec.
- **IT Technician** (2005 – 2008), Colegio de Estudios Científicos y Tecnológicos del Estado de México (CECyTEM) Plantel Ecatepec 1.

## Work Experience.

- **Coderhouse**.
  - Time lapse: October, 2022 to present.
  - Position: **Tutor**.
